

## ENVIRONMENTAL POLICY

The management team of Park Gate & Co Ltd consider that the protection of the environment in which we live and work is part of our company values and principles and consider it to be sound business practice. Consideration for the environment is one of our primary responsibilities and integral to the way in which we conduct our business.

The Park Gate Management is committed to;

- the identification of our significant environmental impacts and taking action to manage these.
- focussing on making improvements where we can make a material difference, setting objectives and targets for ourselves and suppliers.
- continuously improve of our activities, products and services and to prevent pollution, and
- complying with relevant environmental legislation and regulation.

Park Gate Management expects everyone who works for and with the company to apply the key principles to guide work activities, including;

- the reduction of our consumption of energy and other resources and maximise the efficiency of those we use,
- to advise our clients about possible options for using energy efficient equipment where technically possible, and
- to continue to develop a culture of environmental responsibility among employees, contractors and suppliers.
